arb4j is the Licensed Work

BY AUTHOR AND LICENSOR STEPHEN CROWLEY ©2023 <CROW@OUTSIDER.TRADING>

that is made available under the terms of the

Business Source License™ v1.1 ©2023

Definition 1. *The Licensed Work is the complete set of files, including source code, that come along with and associated with the arb4j distribution that this license accompanies; including transformations of the source-code (such as but not limited to the compiled.class files or the dynamically generated .class files generated by the expression compilation capabilities of arb4j)*

Additional Use Grant

Personal, educational, and hobby use of the Licensed Work is allowed without a commercial license. However, if the Licensed Work is used within a company or non-profit organization for more than two weeks, a commercial license is required. The use of the Licensed Work(arb4j) for commercial product development of any kind, especially financial purposes (including option pricing, futures pricing, hedging, or similar financial calculations), regardless of whether coinciding with being a personal, educational, or hobby use is prohibited and would be an instance of Production Use, thus requiring a license. Exceptions to this for the purposes of testing and evaluation must be approved in writng by the Licensor

Terms

The Licensor(Stephen Crowley) hereby grants you the right to

- copy,
- modify,
- create derivative works,
- redistribute,
- and make non-production use of the Licensed Work.

The Licensor may make an Additional Use Grant, above, permitting limited production use.

Change Date

Effective on the **Change Date** of **December 18, 2023+4 years**, or *the fourth anniversary of the first publicly available distribution of a specific version of the Licensed Work under this License*, whichever comes first, the Licensor hereby grants you rights under the terms of the Change License, and the rights granted in the paragraph above terminate.

This software shall be licensed under the Business Source License v1.1 until 4 years after the date of December 18, 2023. On this Change Date, the software will automatically transition to the Lesser General Public License (LGPL).

If your use of the Licensed Work does not comply with the requirements currently in effect as described in this License, you must purchase a commercial license from the Licensor, its affiliated entities, or authorized resellers, or you must refrain from using the Licensed Work.

All copies of the original and modified Licensed Work, and derivative works of the Licensed Work, are subject to this License. This License applies separately for each version of the Licensed Work and *the Change Date may vary for each version of the Licensed Work released by Licensor*.

You must conspicuously display this License on each original or modified copy of the Licensed Work. If you receive the Licensed Work in original or modified form from a third party, the terms and conditions set forth in this License apply to your use of that work.

Any use of the Licensed Work in violation of this License will automatically terminate your rights under this License for the current and all other versions of the Licensed Work.

This License does not grant you any right in any trademark or logo of Licensor or its affiliates (provided that you may use a trademark or logo of Licensor as expressly required by this License).**TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE LICENSED WORK IS PROVIDED ON AN "AS IS" BASIS. LICENSOR HEREBY DISCLAIMS ALL WARRANTIES AND CONDITIONS, EXPRESS OR IMPLIED, INCLUDING (WITHOUT LIMITATION) WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, AND TITLE.** MariaDB hereby grants you permission to use this License's text to license your works, and to refer to it using the trademark "Business Source License", as long as you comply with the Covenants of Licensor below.

Covenants of Licensor

In consideration of the right to use this License's text and the "Business Source License" name and trademark, **Licensor covenants to MariaDB, and to all other recipients of the licensed work to be provided by Licensor**:

To specify as the Change License the GPL Version 2.0 or any later version, or a license that is compatible with GPL Version 2.0 or a later version, where "compatible" means that software provided under the Change License can be included in a program with software provided under GPL Version 2.0 or a later version. Licensor may specify additional Change Licenses without limitation.

To either:

a) specify an additional grant of rights to use that does not impose any additional restriction on the right granted in this License, as the Additional Use Grant;

   or

b) insert the text "None" to specify a Change Date. Not to modify this License in any other way.

Notice

The Business Source License(this document, or the "License") is not an Open Source license. However, the Licensed Work will eventually be made available under an Open Source License, as stated in this License.

For more information on the use of the Business Source License for MariaDB products, please visit the MariaDB Business Source License FAQ. For more information on the use of the Business Source License generally, please visit the Adopting and Developing Business Source License FAQ.
